The Comstock papers claim young Stanley the bicyclist as a Virginia boy and there is no doubt, but what they are correct, but he is a member of the Reno Wheelmen rides his great races in their colors and they are duly proud of him. ## OFF FOR THE FRONT

Lieutenant Hubbard Left for the East Yesterday Morning.

The University Cadet Battalion March to the Depot and See Him Off.

Quite a war spirit was aroused yesterday morning as the University battalion, headed by their own band, marched through the streets on their way to the depot. The occasion was the departure of Lieutenant Hubbard, U. S. A., late commandant at the University, for the east in obedience to orders to report to his regiment now stationed at New York.

The cadets presented a handsome appearance, and as they carried "Old Glory," and stepped off to the sound of stirring music, many of the "old boys" along the sidewalks were called back to the days of '91, and they were again young and gave vent to their enthusiasm in cheers. Ladies waved their handkerchiefs and smiled approvingly at the boys as they passed. The passengers on the incoming train were startled at the military display, yet admired the boys, and for a few moments thought it was the departure of a regiment, and Reno rose several degrees in their estimation. The boys lined up on the platform and Lieutenant Hubbard advanced. He thanked them for the demonstration of their good feeling toward him, and begged them to remember what he had said to them when bidding them farewell at the University.

Dr. Stubbs and several members of the faculty were present, and as the train pulled out the boys presented arms to their late Commandant, while he waved them his adieu. They then returned to the University.

Many compliments were bestowed upon the cadets and all of Reno felt a pardonable pride in her University boys, and in view of the present crisis their appearance on the street and the almost perfect military discipline and precision which they showed, aroused a feeling of patriotism in every breast, and one old G. A. R. veteran was heard to remark to some of his old comrades as he pointed to the cadets, "Boys, we will never have cause to be ashamed of those youngsters."

## The Death of Geo. Cutting.

The remains of the late George Cutting arrived on the V. and T. last evening and were removed to Sander's Undertaking Parlor. They were accompanied by Mrs. Cutting, his son, H. C. Cutting, and daughter, Mrs. A. M. Beebe, also Mr. Beebe, his son-in-law, Superintendent of the Orphans' Home.

Mr. Cutting was employed at the Douglas mine, in Silver Star district, Esmeralda county, and was taken sick a week ago with pneumonia, but his illness was not considered serious. On Wednesday State Superintendent of Schools Cutting received a telegram that his father was seriously ill and he immediately left for Hawthorne. Upon his arrival there he received a letter stating that his father was not dangerous, but to bring a physician out with him. Before starting, however, a messenger came with the word that his father was dead. Those with Mr. Cutting when he died told his son that while his father was quite sick, he did not seem to be uneasy about himself, and his friends did not think his condition dangerous. In the last few hours he seemed to grow rapidly worse, but did not suffer to any great extent and death came to him peacefully and without a struggle. The physician is of the belief that heart complications doubtless aggravated by the disease hastened his death.

The funeral will take place from the Baptist Church this afternoon at 2 o'clock under the auspices of the G. A. R. Friends and acquaintances are respectfully invited.

## The Fire Bell.

At about 10 o'clock last evening an alarm was rung in from the western part of town. The department was soon out and the report was circulated that the fire was at or near the residence of C. H. Stoddard. When the boys had proceeded about half way to Mr. Stoddard's residence, it was discovered that the blaze was on the opposite side of the river and in the neighborhood of the electric light station, and they turned back.

It was not learned whether the fire came from a building or brush, probably the latter. The alarm, however, created some stir and gave the fire lads a chance for a run.

## The Quarantine Station.

The Board of Health has consented to have the quarantine station for stock from infected districts established a short distance east of Reno. This makes it more convenient for shippers east and north and south. No cattle from the scheduled, that is, infected territory will be permitted to remain in Nevada, but sheep that are free from infectious and contagious diseases, may remain in the State if their owners comply with the State laws.

## Field Day.

Saturday will be field day at the University and it is expected that the day will be one of record-breaking. The University of Nevada team will contest honors with the Virginia team, and this fact should create more than usual interest. The track events will take place at the race track at 10 A. M. and the field events at 2 P. M. on the campus. Admission free.

Royal makes the food pure, wholesome and delicious.

## HANGED IN EFFIGY.

The University and High School Boys Hang Spain's Prime Minister to an Electric Light Mast.

Loud cheering and derisive yells at about dusk last evening brought people to their front doors, on a number of the principal streets and they were startled to see a procession of nearly 200 young Americans made up from the University and High School dragging a figure and otherwise exhibiting their disgust at something. As they proceeded they sang: "We'll hang old Segasta to a sour apple tree." Similar compliments were paid to Polo y Bernabe, the late Spanish Minister to the United States, and the butcher, Weyer, was not forgotten.

The effigy was dragged to the plaza opposite Virginia street and a large placard on which appeared the name "Segasta" was pinned on its breast, then a hundred willing hands grabbed the rope and the figure was hoisted to a cross-bar on an electric light mast while the boys joined in cat-calls and yells of derision. They then moved away quietly and dispersed. There was no particular stir in the organization of the demonstration and when they had finished it there was no display.

When the youth of the country at their own volition exhibit the hatred of the Dons as forcibly as these boys did last evening, it may be taken as an evidence of the existing feeling of the people of the land.

## A Feast of Good Things

Brown Stock.—Four pounds of beef, one large carrot, three onions, one small turnip, five pints of water, one berry pepper, corn, six cloves, one bay leaf, a bunch of herbs. Cut meat and bone into pieces, place them with the water in a pan, skim well when boiling, add then the vegetables, spices, etc. Simmer very slowly for four hours, strain and allow it to cool, when the fat should be removed. A second stock may be made from the meat by adding a few fresh vegetables.

Salad Dressing for Lobster.—Three well beaten eggs, one-half teaspoon of salt, one-half teaspoon of pepper, one-fourth teaspoon of mustard, one half cup of vinegar, a piece of butter the size of an egg, stir well, cook in a dish of boiling water, let it cool thoroughly, then add one-half cup of cream.

Smothered Fish.—Put fish in baker, cover with milk or cream, season with butter, salt and pepper, and when ready to serve beat one egg to a stiff froth and pour over.

Creamed Potatoes with Cheese.—Cut about one pint of cold boiled potatoes into pieces about the size and shape of dice; put them into a chafing dish, and when thoroughly warmed add one cup of milk. Soon as milk is absorbed add tablespoon of butter and season with salt and pepper; cover top with grated cheese and serve.

Graham Bread.—One quart graham flour, two teaspoons of yeast powder, one pint sour milk with one teaspoon of soda, one-half cup of molasses or brown sugar, pinch of salt. Bake slowly about one hour.

Snow Balls.—Beat one cup fine granulated sugar and yolks of three eggs until light, add three tablespoons water and grated rind of one lemon, two tablespoons lemon juice, add whites of three eggs beaten stiff, one scant cup flour mixed with one and one-third teaspoons baking powder. Four into buttered cups, steam one-half hour, fill cups two-thirds full. Serve with creamy sauce. One-fourth cup butter, add one-half cup powdered sugar sifted, added gradually. Beat well together, add one-half cup of cream, one teaspoon vanilla. Place over hot water and stir until creamy, but not until oily.

## James J. Corbett.

James J. Corbett and his company of players will be the attraction at the Opera House, Wednesday night next, in his successful play, "A Naval Cadet," which is bright, clear and well balanced, and though Mr. Corbett must necessarily be the center of attraction in whatever he appears in, the play is not a one-character piece; there is plot and characters enough to satisfy most every class of theatre-goers. The play will be given the same careful attention as upon its former presentation at this house. As to Mr. Corbett's acting, those who saw him on his previous engagement will admit that he has improved amazingly in his chosen profession. The season's company is up to the standard. Seats now on sale.

## BREVITIES.

There will be no session of school at the University to-day.

Mrs. Jas. H. Kinhead arrived from Virginia last evening and continued west.

Ralph Stubbs and Tom Lawrence of the University were passengers for San Francisco last evening.

Arbor Day will be observed at the High School building this morning at 9:20. The exercises will be interesting.

Ray Mead, S. S. Bayley and George E. Williams of San Francisco, all stockmen, were arrivals at the Palace last night.

General J. D. Torreyson is in attendance on Court. He has entirely recovered from his late illness and is the same old Jim.

The item in yesterday's JOURNAL referring to the Italian citizens, was somewhat misconstrued and taken seriously. The agent or representative of the Consul simply desired to perform a duty delegated to him and felt that the criticism regarding the loyalty of citizens of the United States from Sunny Italy was rather harsh. It may have been a little personal, but in case of war between Spain and the United States, the same might be applied to many other war enthusiasts, as has been made apparent the past three days, when a crisis seems imminent.
